The information contained in this safety data has been created according to Spanish/EU regulation RD 255/03 (91/155/EEC, 58/2001 EG).

1. IDENTIFICATION OF THE PREPARATION AND COMPANY

Identification of the company:

Tacon Decor S.L.
Crtra. Nal. I, km 243
Burgos (Spain)
Apto. Correos 2351 - 09080 Burgos
Tlf: +34 947 482 050
Fax: +34 947 482 122

Product reference: LP/EP different thickness.

Intended use: Plank coating for furniture manufacture and edging applications. Postforming and Softforming uses.

2. COMPOSITION / INFORMATION ON INGREDIENTS

Laminates made out of unsaturated polyester resins reinforced with cellulosic base papers.

Substances presenting a health hazard within the meaning of Directive 67/548/EEC:

CEE No.	Name	Conc. Range	R-Phrases	Symbol
202-851-5	Styrene	<1%		

3. HAZARDS IDENTIFICATION

Especially at application temperature (> 100 °C), this product may liberate detectable styrene.

4. FIRST AID MEASURES

Inhalation: None.

Eye contact: As a solid material, remove carefully the particles from eyes.

Skin contact: None.

Ingestion: None.

5. FIRE FIGHTING MEASURES.

Extinguishing media: All available extinguishing media.

Recommendations: Fire will produce dense black smoke. Exposure to decomposition products, such as smoke, carbon monoxide, carbon dioxide may be a hazard to health. Appropriate self-contained breathing apparatus may be required.

Cool material exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or watercourses.

6. ACCIDENTAL RELEASE MEASURES

Collect material by means of mechanical procedure.

7. HANDLING AND STORAGE

Handling: For personal protection, see Section 8. Smoking, eating and drinking should be prohibited in areas of storage and use. The Manual Handling Operations Regulations may apply to the handling of containers of this product. Refer to the guide weight indicated in the container when carrying out assessments.

Storage: Observe the label precautions. Store about 20 °C and 50% of relative humidity in a well-ventilated place away from sources of heat and direct sunlight. Store away from ignition points.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Measures: Provide adequate ventilation.

Personal protection

Respiratory protection: Avoid vapours inhalation when use in a hot way (>100°C)

Hand protection: It is recommended to use cutting resistant gloves while manipulating laminate.

Eye protection: Safety glasses must be worn, when there is a danger of projection.

Skin protection: Wear clean work clothes and wash skin after dust contact.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	Coil or sheeted laminate.
Colour:	Several colours and patterns.
Odour:	Slight styrene smell when use in a hot way..
Explosion hazard:	None
Oxidising properties:	None
Solubility:	None.

10. STABILITY AND REACTIVITY

Stable under the recommended storage and handling conditions (See section 7). In a fire, hazardous decomposition products may be produced (See section 5).

11. TOXICOLOGICAL INFORMATION

When use in a hot way (<100°C), may liberate detectable styrene,

Human experiences: Central nervous system can be affected if concentration is > 100 ppm

12. ECOLOGICAL INFORMATION

There is no data available on the product itself.

13. DISPOSAL CONSIDERATIONS

Waste material could be treated as urban solid waste. It must be disposed of in accordance with local regulations for waste disposal at a designated incinerator site.

14. TRANSPORT INFORMATION

The product is not classified as dangerous for carriage.

15. REGULATORY INFORMATION

The product is classified and labelled for supply in accordance with the CHIP Regulations as follows:

Hazard Symbols: None

Contains:

R-Phrases:

S-Phrases: Other phrases:

The information contained in this safety data sheet does not constitute the user's own assessment of workplace risks as required by other health and safety legislation. The provisions of the Health and Safety at Work etc. Act and Control of Substances Hazardous to Health Regulations apply to the use of this product at work.

16. OTHER INFORMATION

The information contained in this safety data sheet is provided in accordance with the requirements of the Chemicals (Hazard Information and Packaging) Regulations.

The product should not be used for purposes other than those shown in Section 1 without first referring to the supplier and obtaining written handling instructions. As the specific conditions of use of this product are outside the supplier's control, the user is responsible for ensuring that the requirements of relevant legislation are complied with.

The information contained in this safety data sheet is based on the present state of knowledge and current national legislation. It provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications.

This safety data sheet edition invalidates the previous ones.
